BUSINESS BROCHURE

## ABOUT REM :

The REM island, (Reclame Exploitatie Maatschappij, or Advertising Exploitation Company), is a platform formerly located in the North Sea, 9 kilometers from the coast near Noordwijk. In 1964, this was the basis from where the first commercial television in The Netherlands was broadcasted, under the name TV Noordzee.

Since 2011 the platform stands firmly on its feet in the water in the new Houthaven area in Amsterdam. When in 2021 the REM island came available, we, Martijn Peters, Martijn Witlam, David André and Frits de Haes, started the REM in its current form. We all have a lot of experience in opening and running venues in the hospitality industry. All this combined experience was brought together here at REM. Together with the enthusiastic and passionate staff we do everything we can every day to deliver a personal and unique experience for our guests.

At REM we work with passion for hospitality, good food, extensive dining, cocktails with a modern twist, fine wine and this all of course in combination with our personal service and priceless view. The three floors, REM bar, REM meetings, REM restaurant and REM rooftop form all together the magical REM where it's all about your experience!

An extensive 6 course dinner, beating your colleagues at table tennis after your work meeting or some Friday drinks with original bites, cocktails and the impeccable view: everything is possible here. Both for private and business appointments REM is the spot for escaping the bustle of the city. Travel along with us and be surprised, from the moment you climb our stairs or elevator until you set foot again on solid ground.

We offer a broad range of packages for your business meeting or family dinner. Of course it's also possible to make a personal plan together with you. We see it as a challenge to meet your personal and specific wishes and make sure we carry them out with a playful touch.
