ABOUT REM

ABOUT REM

REM stands for passion, hospitality, relaxed dining, exceptional cocktails, and fine wines. All of this comes with an unforgettable view and personalized service! REM meetings, REM bar, REM restaurant, and REM rooftop together create the magical REM world, where experience takes center stage.

REM stands for Reclame Exploitatie Maatschappij

The REM aimed to provide commercial radio and television broadcasts. Since this was not allowed under Dutch law, they chose to broadcast from a platform in the North Sea, just outside territorial waters, 6 miles (9 km) off the coast of Noordwijk. In 1964, commercial television broadcasts were aired from this base under the name TV Noordzee. However, the Dutch government quickly put a stop to this, and the broadcasts had to cease.

Since 2011, the REM island has stood firmly on stilts in the water of the Nieuwe Houthaven in Amsterdam, now home to a unique restaurant. Since 2021, we have been the proud owners of this extraordinary venue.

Whether it's an elaborate dinner, defeating your colleagues at table tennis after a meeting, or enjoying Friday drinks with surprising bites, cocktails, and breathtaking views—anything is possible.

REM is the perfect place to escape the city for a while. From the moment you step up the stairs until the moment you leave, we'll surprise you.

We offer tailored packages to suit your event, think 'out of the box,' and bring your wishes to life with a playful twist.
